

## SOUDA-CRG

# COMBI REFRIGERATED DISPLAY WITH GRAB AND GO MERCHANDISER

SOUDA-CRG-1200-BLK

SOUDA-CRG-1200-SS

## BENEFITS AND USES

An excellent addition to any grocery store, deli, or self-serve area, Souda air curtain combination refrigerated display keeps contents at safe holding temperatures while letting you increase impulse sales of your most popular foods!

It is multi-functional as well, with both a refrigerated merchandiser as well as a refrigerated top display case!

Provide superior visibility and access to products by integrating great Cube design with durable structures. Our modern style product designs are user-friendly while maintaining the highest product visibility and aesthetics.

## STANDARD FEATURES

### DESIGN

- Cabinet design is well-engineered to meet functionality and to fulfill operational aspects and user expectations.
- Efficient refrigeration system to provide user with colder products temperature with lower operational cost.

### REFRIGERATION SYSTEM

- Corrosion-proof hot gas condensate evaporation.
- More organized and less exposed wires.
- Bolted back cover for easy maintenance access.
- Large evaporator fan blades to give lower velocity and high-volume airflow.

### CABINET CONSTRUCTION

- Front, side, and top double glass for great product visibility.
- Glass with panorama borders for better design integration.
- Entire cabinet structure is foamed-in-place using a high density polyurethane insulation.
- Heavy duty and welded structure prior to coating for corrosion protection.

### SHELVING (Display)

- Extra adjustable shelf with plenty of space.
- Shelf support brackets made of the same material as cabinet interior; shelves are adjustable in 30mm (13/16") increments.
- Shelf front stopper trim.

### COLORS AND MATERIALS

- Available in three colors, black, white, and stainless steel edition.
- Made of Galvanized steel with powder coating for White or Black versions, or can be made of durable stainless steel grade 304
- This unit has a no-peel, corrosion-resistant coating that resists fingerprints for an attractive, sanitary front-of-the-house display.

### ELECTRICAL

- Unit is pre-wired and ready to connect to a 240/50 - 60/1 phase, 13 amp dedicated outlet.

### LIGHTING

- Integrated magnetic LED lights – 2 hidden lights in the Display chamber.
- Integrated magnetic LED lights – 2 hidden light in the Grab and Go chamber.

### MODEL FEATURES

- Combination model including both Display on top and Grab and Go open merchandiser on the bottom.
- Effortless usage for both customers and staff.
- Self-Closing sliding doors on the back, doors are removable for deep cleaning purposes
- Interior and refrigeration system are isolated with insulated base.
- Stable temperature levels to realize products' needs.

### SPECIAL FEATURES

- Long lasting and energy-efficient LED lights.
- Optimized honeycomb is used in display unit to get better air circulation through the cabinet.
- A safety reinforced tempered glass for front, top shield, and side walls for display case optimize the merchandiser's display effects.
- Laminated electrically heated glass will provide more like: Invisible anti-condensation system with Low energy consumption with no need for maintenance.
- IoT-Technology allows Souda to communicate with a cloud-based platform through the Spherey mobile app which shows detailed system information and the general health of the unit all in real-time.
- Smart Edition can detect and help solving potential problems early, activates the self-diagnose and self-repair, and offers an automated service scheduling.

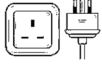

## WARRANTY

Two years warranty on all parts
